

The loss of a pet, whether anticipated or sudden, is a difficult time.

In some cases, it may be an individual's first experience losing a loved one. Pets become part of our family and earn our unwavering love from the moment we meet. These elements can make pet loss confusing, overwhelming and stressful. Fortunately, Faithful Friends Pet Crematory understands the fragileness and compassion of the situation. We offer services and a staff prepared to assist you through the toughest of times.

*Today many pet owners
choose cremation* because it offers a way to memorialize our pets and keep them with us. It is commonplace in today's society for families to choose pet cremation aligning with the trend of human cremation.
